NMS-Edit Professional User Training

Enhance Your Skills!

Innovative Technology now offers **user training** for the NMS-Edit Professional spec-writing system at entry¹ and intermediate² levels. Courses are held at our training facility in Ottawa.

Come prepared to learn how to:

- Use the project menu commands more effectively
- Edit sections with ease and accuracy
- Change the project header size and layout
- Change the page layout and formatting
- Combine masters, previously edited sections and other file types in your project
- Work with larger projects imbedding multiple project files
- Cross-reference and index a project file
- Clean-up, prepare and print your specification for publishing and archival purposes

Courses will be offered on the following dates in 2010 and 2011 (English only – français aussi disponible)

2010: September 9 September 21 October 7 October 19
November 11 November 23 December 9 December 14
2011: January 13 January 25 February 10 February 22
March 10 March 22 April 7 April 19

Space is limited – please register early.

Sessions may be rescheduled or cancelled due to insufficient registration.

1. Entry level courses assume no previous experience with text editors and devote most of the course time on the use of the section editor. Each student is assigned a computer and has a workbook with exercises to work through and take home.
2. Intermediate level courses assume some experience with the NMS-Edit Professional or Plus versions, and concentrate on the project-specific features of the program. This course emphasizes best practices and techniques to improve proficiency.

Select a Course Date

NMS-Edit Professional Training	Date	# Students	Total
NMS-Edit Professional 1-day intermediate course @ \$430/student			
NMS-Edit Professional 1½-day hands-on entry course @ \$950/student
